## Leintwardine Endowed CE Primary School Learning Journey Key

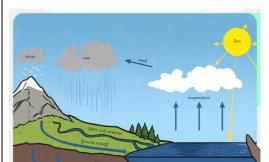

'Letting Our Light Shine'

SUBJECT : Geography YEAR : A TERM : Summer 1 YEAR GROUPS : 5-6

Key Question: Why are rivers so important to the towns and villages that have developed on their banks?

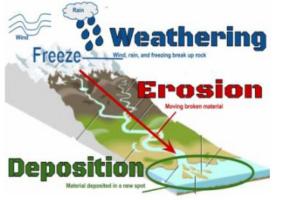

Information which will help me

| Question  | Vocabulary to Use  |
|---|--|
| Where does our water come from?                         | Water cycle,<br>rivers,<br>map,  |
| Can I locate rivers of the world using maps?            | sea, flows, source, lengths, features, course, erosion deposition meanders, deposition,      |
| What are the key<br>features of a river<br>system?      |  |
| What is the difference between erosion and deposition?  | atlas, dams, advantages, disadvantages, locations,   |
| How do rivers effect<br>our lives, are they<br>helpful? | oxbow, future impacts physical geography climate zones, biomes and vegetation belts, rivers, |
| Is there an impact of damming rivers?                   | mountains, volcanoes<br>and earthquakes  |

The water cycle shows the continuous movement of water within the Earth and atmosphere.

What is the difference between erosion and deposition?

Do you think damming is positive or negative?

going? Can I use an atlas to find rivers on a map? Can I identify the sea a river flows into? Can I compare the length of rivers? Can I compare the features of a river at different points along its course? Can I explain how meanders form? Can I describe how waterfalls are formed? Can I sort the ways rivers are used into categories? Can I give at least two reasons why dams are built? Can I Identify the advantages and

disadvantages of

building a dam?

Can I....?

Can I explain that the

water cycle keeps
