Orcas Spring 2

Art

In Art, we will be exploring the different techniques and mediums that you can use to produce a cityscape. We will be using pop art techniques, palette knives and paint, and ink to create our own pieces of art work.

RE

In RE this half term, we will be answering the question, 'What did Jesus do to save human beings?'. We will developing our understanding of sacrifice and discussing whether of not it is a good thing alongside exploring symbolism used to remember Jesus' death.
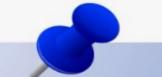

Just a reminder of our **homework** days.

Monday to Monday—Tables Genius

Friday to Friday—Maths or Grammar focused on alternate weeks.

Spelling—set on a Thursday and runs for two weeks.

Reading—as much as you can fit in.

PE days

Tuesday and Wednesday

English

We are starting off our half term by looking at a range of biography's and identifying the features of them. We will then be planning and writing are own, about Charles Darwin. Following on from this, we will be looking at some blackout poetry where we will be focusing on different ways to start sentences and recap using different sentence types.

Maths

Year 5

This half term, Year 5 will be working on decimal and percentages, followed by working on perimeter and area.

Year 6

This half term, Year 6 will be introduced to algebra, followed by developing their knowledge of decimals and percentages.

Science

This half term we will be exploring evolution and inheritance. We will be looking at a lot of associated vocabulary, for example, 'adaptation, offspring, genes and inherited' and we will be applying it to our lessons. We will be looking at how humans have evolved into who we are today and investigating the key theories.

Topic

Our topic this term is heavily Geography based, with our broad key question being, 'How is UK trade different to Central American trade?'. We will define what trade is, what we trade and who with. We will investigate fair trade as well as looking into how trade has changed over time.
